## RediDeck™

### INTERIOR DECKING BASE

#### Overview

SynDeck™ RediDeck™ system is an easy to apply system designed for direct to metal and other substrates (GRP, wood, etc...) for interior deck applications. This is a 100% solids sealed underlayment system that levels the decks, provides waterproofing properties, and is ultra-lightweight. This system serves as a base for various SynDeck™ systems, as well as carpets, tile, EPDM rubber, and other coatings.

#### Approval

- IMO
- ABS
- UK Def Stan

#### Where to Use

- Cabins
- Passageways
- Wet Spaces
- Sick Bays and Serveries
